The Company

Established over 40 years ago, AF International has, during that time, earned an enviable reputation as being the specialist in computer, office equipment and multimedia cleaning products.

From its UK and China manufacturing sites, AF International manufactures and supplies a comprehensive range of screen, keyboard and surface, printer and fax, telephone and multimedia cleaning products and kits to **BS EN ISO 9001:2008 certification.**

Still family owned, we have offices and manufacturing capabilities throughout the world and can therefore provide an excellent service to our world wide customer base. **Offices and representation is global, including Europe, USA, Australia, South America, Far East, Middle East and Africa.**

As well as continuing to support the professional engineer, with its range of technical cleaning products, **AF has been quick to respond to the risk from germs, viruses, dust and dirt, created by open office environment of today.**

The **AF product range** has been carefully developed by our **Research and Development team** to provide the very best in office hygiene protection and general cleaning solutions to keep the equipment and staff working to full capacity.

Work smart... Work clean

Work Green

The specialists in PC, workstation, office equipment and multimedia cleaning products

We hope you will enjoy the AF catalogue, which, as well as listing our current range, is packed with useful facts to help you make the right choice and make your office life that much more... **pleasant, healthier and efficient.**

Work smart... Work clean

Work Green

Many of the **AF products** have been **independently tested** for antibacterial efficacy including the following:

- | | | |
|-------------|------------------|--------------------|
| Phone-Clene | PC-Clene | Headset-Clene |
| Head-Clene | Foamclene | Screen-Clene |
| Maxiclene | White Boardclene | Multi-Screen Clene |
| Isowipes | Lens Clene | Clene-Swipe |

The results indicated that the above products achieved a **99.9% reduction** of each of the following:

- Bacteria: Staphylococcus Aureus
Pseudomonas Aeruginosa
Escherichia Coli (better known as E-Coli)
- Mould: Aspergillus Niger
- Yeast: Candida Albicans

Cleaning Kits

A range of kits all containing different combinations of AF's specialist products, to make cleaning office equipment easy and fun, with sparkling results.

Inkjet Printer Cleaning Kit

A compact kit containing everything to clean your inkjet printers, inkjet fax machines, heads, rollers and case. Roller fluid cleans and restores the grip of rubber and silicone rollers. Cleaning fluid cleans copper contacts. Inkjets cleaned with cleaning fluid and foam tipped spatulas. Powerful Ultraclene wet/dry sachets provided for cleaning the case.

Ref: IPK000

Laser Printer & Fax Cleaning Kit

Containing everything needed to keep plain paper fax machines and laser printers in good condition. Cleans paper path and optics keeping printouts free from streaks and other toner marks. Special cloths for absorbing toner spills. Powerful foaming cleaner for casings. Individual replacement products are available. Ref: LFC000

Multi-Functional Cleaning Kit

For all office equipment, PCs, printers, phones, photocopiers, fax machines, calculators and office furniture.

Ref: MFCK000

For cleaning **Plasma Technologies** use the **Multi-Screen Clene** range of products.

PC Cleaning Starter Kit

To thoroughly clean PC cases, CD drives, keyboards, screens and other hard surfaces.

Ref: PCSK000

Screen, Case & Keyboard Cleaning Kit

For keeping your PC free of dust, dirt and other contaminants.

Ref: SCK000

Workstation Cleaning Kit

An economic way to keep office equipment clean and fully functional.

Ref: WCK000

AF/Carl Zeiss Camera Cleaning Kit

30ml Lens Cleaner, Dusting brush, Micro-fibre Cloth, Pre-moistened wipes for lenses, Instructions. High quality fabric case.

Ref: CLCK000

Elements of the kits can be recycled easily, plastic bottles and paper wipes as well as any card outer packaging. Replacement individual products for the kits are available.

Looking for a 'white board' cleaning kit – see the White Board section.

All these products are safe to use on mirrors, lenses and OHPs.

Screen Cleaning

Dirt, dust and greasy fingerprints make screens difficult to read and may lead to headaches, eyestrain and wrinkles in the delicate skin around the eyes. Protect yourself by using AF screen cleaners. They are all anti-static, non-flammable, non-smearing, non-toxic and OEM approved. Packs vary from pump sprays or tubs for large offices, to individual sachets and small packs for when you're on the move.

Screen FACTS!

CRT – Cathode ray tube

A beam of electrons are fired onto a phosphor coated screen causing it to glow, and produce the picture hence these screens are low cost, bulky and heavy.

LED display – Light emitting diode display

This equipment emits light when current is passed through it and offers very pure images and colours. Thin and lightweight.

LCD display – Liquid crystal display

LCD TV with LED backlight ordinary LCD has a fluorescent backlight. Thin and lightweight and offers very pure images and colours.

TFT – Thin film transistor

Types of LCD display using thin-film transistor technology. This technology provides the best resolution of all the flat-panel techniques, but it is also the most expensive. TFT screens are sometimes called Active Matrix LCD displays.

Plasma Screens

Two glass panels containing cells are filled with a mixture of noble gasses. Under an electric current, the gas turns into plasma which excites phosphors to emit light. They do not have the same size limitations of traditional LCD displays. They are very thin and still expensive.

Laptop-Clene

Wet/dry wipes, made from lint-free cloth, packed individually. Suitable for TFT, LCD, flat screens on laptops, notebooks, PDAs and touch pads. Available in 5 or 10 duo sachets.

Ref: LTC005 / LTC010

Screen-Clene Duo

20 sachets of wet/dry wipes. Safe to use on TFTs and LCD screens, packaged in a dispensing box for attaching to any workstation.

Ref: SCR020

Screen-Clene Flat Pack

25 pre-saturated wipes in a re-sealable pack, with 20 displayed in a POS unit.

Ref: XSCR025P

Screen-Clene Sachets

100 wet wipes in individual sachets. For use with Safecloths, Safetiss or Safewipes for a perfect finish.

Ref: SCS100

Screen-Clene Tub

100 Pre-saturated wipes in a re-sealable tub, to lock in freshness.

Ref: SCR100T

Screen-Clene Tub Refill

100 Pre-saturated wipes in a pouch to refill the Screen-Clene tub.

Ref: SCR100T

*** CLEANING TIP** Daily cleaning with correct anti-static products will reduce dust and dirt, thus reducing one of the causes of eyestrain.

Screen-Clene Pump Spray

Pump action cleaner for use on monitor screens, glass surfaces, photocopier glass and overhead projectors. Apply with Safetiss or Safecloths. 250ml pump spray.

Ref: SCS250

Anti-Static Screen Gel with Cloths

The anti-static gel formulation should be sprayed on a single Safecloth or Super-Cloth or directly into the centre of the screen and wiped immediately. The gel provides easy and efficient cleaning, giving best results when the screen is cold.

Ref: SCG000

Multi-Screen Clene

A gentle non-smearing universal cleaner for use on sensitive screens and filters including plasma, TFT and LCD. Alcohol free. To use, pump the lid in and out to compress air, allocating Airspray Technology – aerosol performance without the gas. The bottle is refillable saving on waste packaging.

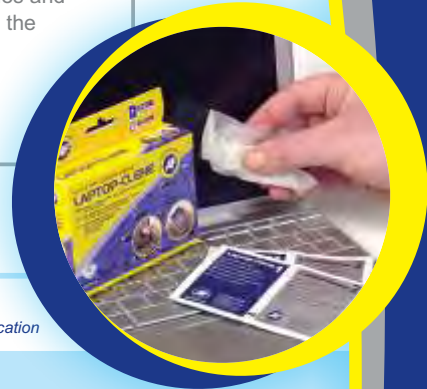

200ml – Ref: MCA200
1 Litre – Ref: MCA01L

Multi-Screen Clene and Microfibre Cloth

A universal cleaner for use on all types of screens including delicate plasma technologies and all computer monitor and laptop screens. Also cleans the screens of PSP's, phones and MP3 players. For best results use the Easy-Clene cloth provided.

Ref: MCA_200MIF

Spray Dusters

All are manufactured from a non-flammable blend of gas and give off zero residue. There are a variety of strength on offer: standard, high power and super power as well as non-invertible and invertible aerosols to allow access to the most difficult of areas. All are supplied with a actuator so allow the strength of blast to be controlled.

Ideal for computers, keyboards, printers, timing devices, cash machines, fax machines, photocopiers, audio/video equipment, photo equipment, VCRs, CDs and delicate lab equipment.

Standard

Sprayduster

342ml / 400g. Standard power spray duster which must be used upright.

Ref: SDU400D

Sprayduster

87ml / 100g. The smallest of the range, extremely handy for mobile workers.

Ref: XSDU100

Sprayduster (Eastern European)

342ml / 400g. Non-invertible, must be used upright. Packaging contains English with Czech, Polish, Hungarian and Russian languages.

Ref: SDU400E

High Power

Souff'sec

350ml / 400g. Non-invertible, must be used upright.

Ref: SFC400D

Super-Power

Super Duster

300ml / 350g. This compressed gas duster has the greatest of blast. One quick blast and your surfaces are instantly clean of all contaminants.

Ref: SPD300

Super Duster Invertible

200ml / 231g. Can be used at any angle and still provides a powerful blast.

Ref: SPDI200D

Invertible

Standard strength spray dusters which can be inverted and sprayed in any direction without threat of dispensing any liquid on valuable equipment. Ideal for removing dust, lint and other contaminants from hard to reach places.

Sprayduster

125ml / 144g. Ref: SDU125D

Sprayduster

200ml / 231g. Ref: SDU200D

Wipes and Buds

AF supply a range of natural and synthetic wipes and buds for cleaning and drying a wide variety of surfaces. For use in conjunction with AF screen and surface cleaners to ensure a perfect result even in the most inaccessible areas.

Paper Wipes

High quality, lint-free single ply paper, safe to use on all screens and filters. Excellent strength wet or dry. Easy to recycle.

Computiss
50 sheets a pack. Ref: CTI050

Safetiss
200 sheets in a box. Ref: STI200

Synthetic Wipes

Tonerclene

25 Toner absorbent cloths, does not re-deposit toner, non-smearing and in a re-sealable bag.

Ref: TOC025

Safecloths

Non-woven 320 x 340mm cloths for general cleaning applications, such as equipment casings, furniture and whiteboards. For use with AF screen and surface cleaning products.

Ref: SCH050 (50 Cloths) / SCH025 (25 Cloths)

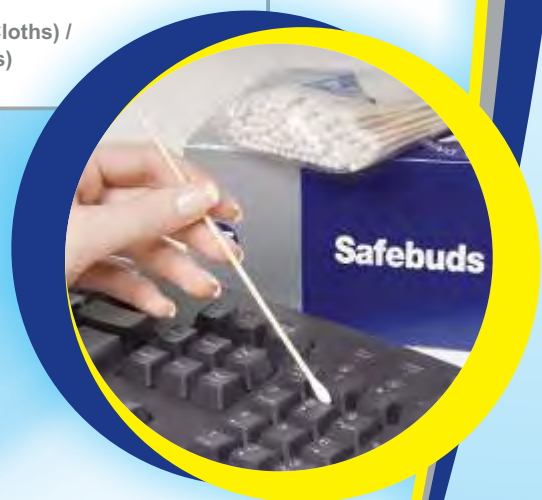

Cotton Wipes

100% pure cotton wipes with no additives or brightening agents. Re-useable and non-linting, friendly to the environment.

Safewipes
100 large cloths – 230 x 230mm
Ref: SWI100

Safewipes
4 individual bags of 100 wipes, 100 x 100mm in size. Ref: SWI400

Buds

Foambuds

Plastic sticks with foam bud for cleaning read/write heads and tape drives. Extra long (15cm) handle allows maximum access to area to be cleaned while maintaining pressure. Cotton bud under the foam provides a solvent reservoir. For use with Isoclene, Headclene, AF Spray or Safeclene 2000. Contains 4 bags of 25 buds.

Ref: FBU100

IPA Foam Buds

Plastic handles with foam buds with a reservoir handle holding IPA alcohol which is 'snapped' to release the solvent onto the spatula foam tip. Safe on most plastics (test on sensitive plastics before use).

Ref: FBUIPA25

PC Buds

Plastic spatulas tipped with wide flexible foam head for cleaning keyboards and slots. 13cm in length with a 13mm wide head. Abrasion resistance foam ensures thorough cleaning of surfaces. Flexibility of head allows easy access. Use with Foamclene, Maxiclene, AF Spray or Isoclene. Contains 25 buds in a re-sealable bag.

Ref: PCB025

Safebuds

Rigid wooden sticks tipped with pure cotton buds. Ideal for cleaning awkward corners and difficult to reach parts of computer hardware. Contains 10 bags of 100 buds.

Ref: SBU000

All these wipes can be recycled after use and when dry, they are made from recycled pulp and a chemical free process. The plastic tubs can also be recycled.

The Fragrance Collection

A range of pre-saturated wipes to keep your personal workspace clean, fresh and subtly fragrant. Clene-Swipes remain moist over long periods. Special antibacterial properties help kill germs that can cause coughs, colds, skin problems and worse. The anti-static properties reduce the build up of dust and dirt.

PC-Clene

With fruity *raspberry* fragrance. Contains anti-static properties for use on all plastic office equipment – PC hard drives and monitor casings, printers, copier and fax machines.

Ref: CSSR

Dry-Wipes

Multi-purpose dry wipes. Excellent wet strength for mopping up spills. Can be used as a general purpose cleaner as well as a soft tissue for personal care.

Ref: CSSD

Phone-Clene

With uplifting *aloe vera* fragrance. Contains anti-bacterial properties for use on telephones and mobile phones to clean and sanitise.

Ref: CSSA

Screen-Clene

With invigorating *white rapids* fragrance. Contains anti-static properties and is non-alcoholic for use on computer screens and laptops including TFTs and LCDs.

Ref: CSSW

Headset-Clene

With fresh *peppermint* fragrance. Contains anti-bacterial properties for use on plastic parts of headsets.

Ref: CSSP

Hand-Clene

Wash your hands without water. Effective hand hygiene anywhere and anytime. Gentle on the skin and removes ink and grime.

Ref: CSSH

Clene-Swipe Starter Kit

PC/Screen/Telephone/Headset cleaner. Complete starter kit. Specially designed to be easily accessible, the starter kit contains 2 wall brackets which hold 4 tubs.

Ref: CSSK

Clene-Swipe Mixed Wipes

PC/Screen/Telephone/Headset cleaner. A mixed set with 3 tubs of each – total 12 tubs.

Ref: CSS

The brackets come with strong adhesive pads and screws to make putting them up in a centralised handy place easy!

Clene-Swipe Brackets

A pack containing 2 brackets, each hold two tubs.

Ref: CSTB02M

Surface Cleaning

AF's range of carefully formulated surface cleaning products has been designed for safe and efficient use on all types of plastic and moulded casings. AF products ensure not only pristine looking surfaces but also a hygienic and bug free office.

Foamclene – Pump Action

A powerful foaming cleaner that removes grease and grime from a variety of surfaces. The solution is non-flammable and non-hazardous. The 100% recyclable pump action bottle is suitable for up to five refills (using FCL01L) and contains no propellants, making it an all round environmentally friendly solution. Use with AF Safecloths or Super-Cloths.

- Ref: FCL200 – 200ml pump bottle
- Ref: FCL01L – 1Ltr refill bottle

PC-Clene

General purpose pre-saturated cleaning wipes, non-flammable, alcohol free, anti-static, and suitable for cleaning PCs, cases and keyboards. They remain moist over extended periods. Dry with Safetiss or Safewipes, if required.

- Ref: PCC025P - 25 pre-saturated wipes in a re-sealable flat pack
- Ref: PCC100 - 100 pre-saturated wipes in a tub dispenser
- Ref: PCC100R - 100 pre-saturated wipes in a pouch for refilling of the tub

Foamclene, Mouss'net, Maxiclene

Powerful foaming cleaners that lift grease and dirt for general external cleaning of hardware e.g. plastic casings, office furniture, walls, spot removal on carpets (preferably Maxiclene), metals and plastics. Non-flammable, safe on plastic casings. Anti-static to reduce build up of dust. Can be used with Safecloths, Safewipes or PC Buds.

- Foamclene 300ml Ref: FCL300
- Mouss'net 400ml Ref: MST400D
- Maxiclene 400ml Ref: MXL400

(Maxiclene offers a heavy duty product with powerful foaming cleaning action)

Labelclene

For removing adhesive paper labels without leaving a residue, quick and efficient to use, suitable for use on wood, metal, glass and most plastics (test first). Pleasant orange fragrance.

- Ref: LCL200 – 200ml aerosol with brush applicator
- Ref: LCL125 – 125ml contains scraper and cloths
- Ref: LCL012 – 12ml pen with spring-loaded felt tip

Permanent Ink Remover

Quickly and easily removes permanent marker, pen/biro from white boards, as well as from non-readable sides of CDs, DVDs and other non-porous surfaces such as computers, keyboard casings and desk surfaces. Use with Computiss.

- Ref: PIR125 - 125ml pump spray supplied with 50 Computiss wipes
- Ref: PIR012 - 12ml pen with spring loaded felt tip

Staticlene

Fully biodegradable, anti-static hard surface cleaner with a pleasant fragrance. Maintains anti-static properties for long periods thus reducing the attraction of dust and debris. For use with Safecloths, Safewipes and Safetiss. The 250ml pump spray bottle is re-fillable.

250ml Ref: STA250D

5 Litre Ref: STA05L

Ultraclene

Wet / dry wipes for cleaning cases and keyboards. The wet cloth is pre-saturated with powerful cleaning solution, which also sanitises. They are supplied with a special cleaning card to assist movement of the cloth between the keys of the keyboard. Absorbent dry wipe to provide a pristine finish.

10 pairs and cleaning cards
Ref: ULT010

Isoclene Wipes

Ready to use anti-bacterial wipes for disinfecting most hard surfaces. Kills 99.7% of bacteria found on office equipment. Not for use on computer screens. For best results pre-clean the surface.

100 Wipes – Ref: ISW100

*** CLEANING TIP**
Using specialist antibacterial wipes has been shown to reduce bacterial levels by up to 99%

CD/DVD Lenslene	1 Disk	10	CDL000	CDs, CD-Rs, CD-RWs, audio CDs, DVD and BLU-Ray, games consoles and audio CD drives.

The wipes can be recycled after use as they are made from recycled pulp and a chemical free process.

Phone & Headset Cleaning

Telephones, headsets and mobile phones are amongst our most 'shared' items. They can carry thousands of bacteria to our mouths and ears, major portals for infections. Use AF telephone and headset cleaning products to minimise the risk and keep your equipment clean and sanitised.

Headset Clene

Strong anti-bacterial wipes for cleansing and sanitising entire headsets. Used daily, protects ear and mouthpiece surfaces from germs.

50 Sachets – Ref: HSC050

Phone-Clene

Anti-bacterial phone cleaner. Contains strong bactericide, quick and easy to use. Ideal product when hot desking to reduce cross contamination. Proven to kill germs up to 24 hours.

25 pre-saturated wipes in a re-sealable flat pack, small enough to carry with you and to use on mobile phones or blue tooth earpieces. 20 flat packs are arranged in a POS unit. Ref: XPHC025P

100 pre-saturated wipes in a re-sealable tub, convenient to share.

Ref: PHC100T

100 individually foil wrapped sachets.

Ref: PHC100

Safeclene	200ml / 276g	12	SCL200	Magnetic heads.
Safepads	100 sachets	10	SPA100	Hard surfaces.
IPA Foam Buds	25 buds	10	FBUIPA25	Electronic equipment and print heads.

Office Maintenance

AF specifically manufactures this unique range of products for the professional maintenance engineer or the more technically proficient user who is responsible for keeping the office equipment (fax machine, printer, photocopier, scanner etc...) in good working order.

AF Spray

Powerful drive cleaning solvent. Fast evaporating for maintenance of tape drives, floppy disc drives and electromechanical equipment. Dissolves light grease and oil. Does not harm plastics. Removes oxides from read/write heads. Use with Foambuds, PC Buds, Safewipes or Safebuds.

200ml – Ref: AFS200

Isoclene

General cleaning for technicians 99.7% pure Isopropanol for any technical cleaning such as magnetic read/write heads, edge connectors when reseating PC boards etc, leaves no residue. Use with Foambuds, PC Buds, Safewipes or Safebuds.

250ml – Ref: ISO250

Printclene

Fax/laser printer cleaner. Specially coated paper for cleaning plain paper fax machines and laser printers. Removes toner and dirt from paths and optics. Used dry, no solvent is required, can be re-used up to 5 times, also available in Laser Printer and Fax Cleaning Kit.

Ref: PRI025

Safepads

Large isopropyl alcohol impregnated wipes in a sachet. The wipe fabric is a lint-free non-woven material with exceptional wet strength. (Not suitable for sensitive surfaces).

Ref: SPA100

Headclene

Magnetic read/write head cleaner. Non-flammable, water based fluid for cleaning oxides and dirt. Does not harm plastics or rubber, leaves no residue, and dissolves light grease and oil. Use with Foambuds, PC Buds, Safewipes or Safebuds.

250ml – HCE250

Platenclene

Rubber roller restorer. Non toxic, non-flammable solvent pump spray for cleaning and restoring grip of all types of rubber rollers, including printer and fax. Restores roller flexibility, leaves no residue, dissolves ink stains, oil and grease, reduces paper jams. Use with Safecloths, Safetiss or Safebuds.

100ml – Ref: PCL100
1 Litre – Ref: PCL01L

Safeclene

Non-flammable fast drying solvent removes light grease and finger marks, residue free finish. Can be used on live equipment.

Ref: SCL200

IPA Foam Buds

Plastic handles with foam buds with a reservoir handle holding IPA alcohol which is 'snapped' to release the solvent onto the spatula foam tip. Safe on most plastics (test on sensitive plastics before use).

Ref: FBUIPA25

Cleaning Cards

A range of plain or encoded cleaning cards for cleaning and maintaining magnetic card reading equipment.

Cardclene - Plain

Plain white cards impregnated with Isopropanol in individual sachets.

Ref: CCP020 / CCP100S

Cards with no concentrate are also available; they can be used in conjunction with Headclene (HCE250) or Isoclene (ISO250).

Ref: CCP100

Cardclene - Kit

Plain cleaning cards supplied with a 70ml pump spray of Headclene.

Ref: CCP020K

Encoded cleaning cards supplied with 70ml pump spray of Headclene.

Ref: CCE020K

Cardclene - Cash

Large impregnated plain cleaning cards

Ref: CCC100

Cardclene - Encoded

Encoded cleaning cards either dry and impregnated with cleaning solution.

Ref: CCE020C (Impregnated) or CCE100 (dry)

*** CLEANING TIP** Cardclene should be passed through the swipe machine three or four times and by turning the card around you will make use of both sides of the card before discarding. To keep the keypads on the card reading machines clean and efficient use AF Ultraclene wipes.

Little ideas that make a big difference...

AF Retail Range

This retail range has been specially developed to **encourage and increase the safe, systematic cleaning of every kind of office equipment**. It is also ideally designed for retail channels. The need for regular cleansing and sanitising within the working area has been highlighted in recent reports for reasons of health, safety and improved office hygiene.

With **eye-catching, modern and highly visible packaging**, all items are easy to display on our floor standing or counter top sales units and packed in recyclable, euro-hooked boxes with product information prominently displayed in five languages.

Screen Cleaning

Dirt, dust and greasy fingerprints make screens difficult to read and by using a suitable cleaner, computer users can avoid headaches and eyestrain. **Use these cleaners on monitors, laptops, iPods, PSPs, PDAs, phone screens, MP3 player screens and game consoles.**

Screen-Wipes

Individually packed sachets containing a wet / dry cleaning solution. Designed for use on all screens in the home and office including CRT, TFT, LCD touchpads and plasma technology, these wet/dry wipes remove dirt, grease and grime easily and quickly. Alcohol free.

Ref: XMCA010

Anti-static Screen Protector

25ml and micro-fibre cloth to clean and protect your screen. Non-flammable, non-toxic and extremely safe to use, this film helps preserve screens as well as dramatically reducing static.

REF: XSSP000

Surface Cleaning

Regular cleaning not only makes surfaces look spotless, it also helps create a hygienic and bug-free office. **These AF products are carefully selected for safe and efficient use on all plastic and moulded casings.**

Screen-Clene

125ml is a spray for cleaning all screens including plasmas which should be used in conjunction with AF Super-Cloths. Dirt, dust and grease are removed quickly for a streak-free finish.

Ref: XMCA125

Anti-Static Surface Cleaner

87ml is a powerful foaming surface cleaner for use with AF Super-Cloths to lift dirt and grease for that gleaming finish. Contains anti-static properties to reduce dust build-up.

Ref: XFCL087

Anti-Static Surface Wipes

General-purpose pre-saturated cleaning wipes. Non-flammable and alcohol-free, they contain anti-static solution in a re-sealable tub, contains 100 wipes.

Ref: XPCC100S

Super-Cloths

25 large, non-woven, super-absorbent disposable cleaning cloths for general cleaning around offices and homes. Retaining their strength even when wet, they're ideal for use with Screen-Clene and Anti-Static Surface Cleaner.

Ref: XSCH025

Cloths

High quality wipes for use with the AF range of products on a variety of surfaces. Ideal for glass, mirrors, LCD and TFT monitors, camera equipment, TV screens and laptops.

Easy-Clene

Micro-fibre cloth was specifically developed to provide a cleaning solution for the more delicate tasks around the office. Used wet or dry, they remove grease, dust and finger marks to leave a sparkling clean finish.

Ref: XMIF001

Telephone Wipes

Pre-saturated anti-bacterial cleansing wipes for cleaning and sanitising all phones, headsets and telecommunication equipment. Ideal for use on mobiles, hands-free kits and Bluetooth devices. Wet/dry system. For mobile phones and their screens choose Smart-Clene.

Ref: XPHC010

Telephone Cleansing

Phones, headsets and mobile phones are some of the most shared office items and consequently carry thousands of harmful bacteria.

Other Areas

Other products from the AF branded range can be added, the flat packs are in the same design, along with some of the other screen cleaning applications.

The combinations are endless...

Lens-Wipes

Camera lens cleaning wipes for removing dirt, dust and greasy marks. A wet/dry system for the safe cleaning of compact digital, camcorder and detachable lenses.

Ref: XLNC010

Office Cleaning Kit

Four products for cleaning computer equipment and other hard surfaces quickly and effectively, this is the complete cleaning kit for smaller offices or homes. A CD/DVD lens cleaning disk, 125ml Screen-Clene spray, Ultracene sachets for the keyboard and large non-woven cloths.

Ref: XPCSK000

Sprayduster

87ml is a non-flammable air duster for removing microscopic dust, lint and other contaminants from hard-to-reach areas. Ideal for keyboards, printers, fax machines, audio/video equipment, VCRs, CDs and other delicate equipment.

Ref: XSDU100

Hand-Clene

Antibacterial hand sanitising gel with vitamin E and a blend of emollients to minimise the drying effects normally associated with alcohol-based products. This specially formulated spreads easily on the skin and dries in seconds.

Ref: HSG050

CD/DVD Lens-Clene

An optical lens-cleaning disk which is fitted with two micro-brushes for safe and effective dust removal. Also for use on CD-ROM, CD-RW, DVD, game console and audio CD drives. Not suitable for slot loading drives.

Ref: XCDL000

*** CLEANING TIP** Not only will regular cleaning of the camera enhance images, it will also prolong its life!

Counter Top Unit - Full

Purpose-designed to display the new AF range, this unique point-of-sale unit ensures that products stand out and look even more attractive to users. Comes in two sizes depending on the space availability.

Ref: XPOSCT_FULL
(Size mm: 405h x 430w x 400d)

Ref: XPOSCTSM_FULL
(Size mm: 324h x 260w x 232d)

Retail Range - Other Areas

Gaming Range

A range of cleaning products specifically designed for the 'gaming industry'.

Cleaning solutions are offered for the console unit, controllers and the wide variety of accessories available in today's growing market.

Console-Clene

Large impregnated wipes, ideal for surface cleaning of a vast array of gaming accessories, from hand held device casings to stand on surfaces, these wipes will insure a clean germ free finish. Keep the lid closed when not in use to lock in moisture.

Ref: CSC050

Controller-Clene

Ideal for cleaning and sanitizing controllers that are used in conjunction with games consoles.

Each wipe provides a clean, germ free surface. Alcohol Free.

Ref: CNC012

Game-Clene Plus

A compact kit concealed in a modern pouch for removing dust and grime from all surfaces. Special buds and a seam tool are provided to enable cleaning in hard to reach areas, such as around buttons and in seams.

Also included is a large micro-fibre cloth.

Ref: GCP000

Smart-Clene

A universal cleaner for hand held gaming consoles, MP3 players, mobile phones or touch screen devices, provided in a handy re-sealable pack. Safe for use on screens and provide a clean, germ free finish.

Ref: SMC020P

The Environment

Environmental Issues Facing Everyone

Climate change is the greatest environmental challenge facing the world today. Rising global temperatures will bring changes in weather patterns, rising sea levels and increased frequency and intensity of extreme weather events. The effects will be felt internationally there may be severe problems for people in regions that are particularly vulnerable to change. Climate change presents a significant challenge to the international community. There are also enormous opportunities if we are willing to take action.

Greenhouse Effect

Some of the energy from the sun is trapped inside our atmosphere as it is reflected back from the earth towards space. This natural process is called the greenhouse effect due to the atmosphere acting like the glass walls of a greenhouse, it allows the sun's rays to enter but keeps the heat in.

The gases which make this happen 'greenhouse gases' are mainly water vapor and carbon dioxide. As humans emit more carbon dioxide and other greenhouse gases into the atmosphere the greenhouse effect becomes stronger. This causes the earth's climate to change unnaturally.

Climate change is one of the most serious environmental threats facing the world today. Its impacts will be felt across the world, as sea level rise threatens the existence of some small island states and puts millions of people at risk.

Temperature increases, drought and flooding will affect people's health and way of life, and cause the irreversible loss of many species of plants and animals.

Key Impacts

We need to try to reduce emissions of greenhouse gases, there will be experience of climate change which is likely to have effects on the world's environment, economy and society including:

- Rising sea levels
- Flooding in poor countries
- Food shortage and disease
- Severe water shortages
- Loss of tropical forests

Work smart... Work clean

Work Green

Recycling of waste

Definitions: **"waste"** is "...any substance or object...which the holder discards or intends or is required to discard."

"Recycle" is "...to pass through a cycle again; repeat a process from the beginning, or to undergo reuse or renewal."

Contributing to climate change is waste, each year we generate about 100 million tonnes of waste from households, commerce and industry combined. Unfortunately most of this ends in landfill where methane is generated, a powerful greenhouse gas.

Taking action on waste is essential, since we are consuming natural resources at an unsustainable rate and contributing unnecessarily to climate change.

Recycling of plastics, glass, tin, aluminum, paper/card and other materials can be easy it just takes a little extra thought and time.

How to Recycle AF Products

Material		Disposal
Paper	AF Wipes	Recycle them along the normal paper recycling routes – AF cleaners are water based cleaners so when the wipes are cleaned in the recycling process any residues will be water soluble.
Plastic	AF tubs, pump spray bottles, flat pack envelopes, caps	Remove the top, containers must be thoroughly rinsed before recycling. These containers should be recyclable where facilities exist, most local councils collect HDPE and there are many HDPE recycling banks across the UK. Customers must check with their local council/local recycling bank if HDPE is acceptable in their local plastics collection.
Aerosols Aluminum / Tin Plate	Spray dusters / foam cleaners	Both aluminium and tin plate steel can be recycled. 75% of local authorities will accept aerosols in their local steel recycling banks. Remember: DO NOT PIERCE THEM OR SQUASH THEM and only put EMPTY AEROSOLS in the collection schemes. It helps if you can remove any plastic parts that come off easily such as lids.

For further information download our 'Work Green' brochure from the AF web-site

The AF formulations are developed for specific cleaning needs but always with ultimate disposal in mind. With a large research and development department AF aims to provide high quality products that have excellent cleaning performance to help increase the lifespan of equipment and keep the workplace free from dirt and bacteria.

With operation safety being paramount, non-flammable materials are used throughout the range where possible and in line with AF's environmental policy. Also wherever we are able the packaging material is recyclable and environmentally friendly.

AF International is a member of the Green Dot Licensing Company, Valpak Ltd. These have a contractual agreement with PRO-Europe to manage the Green Dot® trademark, they are the largest registered compliance scheme under the packaging waste regulations in the UK and PRO-Europe is the umbrella organisation responsible for all Green Dot® systems in Europe.

CSR – Corporate Social Responsibility

AF International recognises the importance of Corporate Social Responsibility and has linked with charities in different parts of the world of part of their programme.

In the UK **Barnardo's** are the chosen charity.

Barnardo's works with over 110,000 children, young people and their families in more than 383 projects across the country. This includes work with children affected by today's most urgent issues: poverty, homelessness, disability, bereavement and abuse.

For more information about Barnardo's visit our website at www.barnardos.org.uk Registered Charity Numbers: 216250 and SC037605

In Germany we are supporting **Deutsches Kinderhilfswerk**

(Children's Charity of Germany). This charity fights for the rights of children to give them equal opportunities and are tackling child poverty in Germany through a number of activities.

For more information go to www.dkhw.de

Also AF headquarters are in Derbyshire, England just inside The National Forest. AF is supporting the forest in helping to reduce atmospheric carbon.

Carbon is taken out of the atmosphere by trees as they photosynthesise. Planting trees and shrubs helps to offset the effects of pollution and more carbon is locked into a tree structure as it grows.

The **National Forest** is making a significant contribution to offsetting carbon emissions. It represents a physical demonstration and fulfils a number of objectives including environmental benefits, landscape and the enhancement of resources and boosting the rural economy.

For more information please visit www.nationalforest.org.

We hope you enjoyed the AF catalogue,
which, as well as listing our current range, is packed
with useful facts to help you make the right choice
and make your office life that much more...
pleasant, healthier and efficient.
